

2025 ANNUAL SCIENTIFIC MEETING

MAY 23 - MAY 25, 2025

BRISBANE

Program Overview

ASDA Sedation Re-endorsement Program

Friday May 23 - Sunday May 25, 2025

Details

Location	Plaza P11
Registration	0900
Course	0900 - 1815
CPD	14 Scientific Hours
Presenters	TBA

This is ASDA's AHPRA/DBA accredited training for the annual re-endorsement of conscious sedation practitioners. It is also excellent for those dentists and other dental staff performing procedures on sedated patients.

Both days must be completed for re-endorsement.

Program

Practical, simulation-based training in the management of medical emergencies during dental sedation, using crisis resource management principles. With the use of QCPR CPR trainers, ALS man and SIMMAN 3G, there will be a variety of skills development and scenario-based training over two days.

ASDA has made enormous progress as a professional group over the past decade in improving the standard of response by dental teams to medical emergencies. The society will continue to keep its members ahead of regulation, foster its proud history of collegiate learning, and focus on best- practice sedation.

Re-endorsement Program

Friday May 23 - Saturday May 24, 2025

Program

Friday 23rd May 2025 - Endorsement Program Day 1 *Plaza P11 (Breakouts Plaza P9 and 10)*

Things I wish I'd known from the start about anaesthesia"</i> - this will discuss some important areas of anaesthetic practice with a focus on pre-operative assessment and what to look out for, intra-operative management and some potential pitfalls to avoid." - Dr Stuart Paterson.

About The Speakers

Associate Professor Anthony Holley, AM

*BSc. (microbiology) MBBCh. DipDHM.
DipPaeds. FACEM. FCICM. AFRACMA*

A/Professor Anthony Holley is a Senior Staff Intensivist at the Royal Brisbane and Women's Hospital and an Associate Professor at the University of Queensland. A former ANZICS President, he served on its Board and Executive for over a decade and was a Senior Examiner for the College of Intensive Care Medicine. He has co-authored 58 peer-reviewed papers, 12 book chapters, and contributed to national guidelines on patient blood management and COVID-19..

In the Australian Defence Force, CDRE Holley is Principal Consultant Trauma to the Surgeon General, advising on ADF trauma care strategy. He has deployed on multiple operations, including Afghanistan, Iraq, and disaster relief efforts. A recipient of two Navy Commendations, he was awarded the Navy's Matthew Davey Award for his work on deep-frozen blood products. In 2024, he was appointed a Member of the Order of Australia for his contributions to Emergency and Intensive Care Medicine.

Dr Stuart Paterson

Dr. Stuart Paterson is an Australian-trained consultant anaesthetist based in Tasmania. He has a special interest in clinical education, research, and simulation within the peri-operative environment. Passionate about advancing patient care, Stuart is actively involved in training the next generation of anaesthetists and contributing to research that enhances peri-operative safety and outcomes.
